AND FOR THE NORTHERN DISTRICT OF CAL-  
IFORNIA, NINTH JUDICIAL DISTRICT.

SEATTLE BREWING & MALTING CO.,  
(a corporation)

COMPLAINANT.

vs.

PETER HANSON, ET AL,

DEFENDANTS.

AFFIDAVIT OF

EDMOND O'NEILL.

STATE OF CALIFORNIA,

City and County of San Francisco.

ss

EDMOND O'NEILL, being first duly sworn, deposes and says: I am and for the last nineteen years have been Associate Professor of Chemistry in the University of California. Before I became such Associate Professor, I was connected with said University for seven years in the capacity of an instructor in the Department of Chemistry there. I was graduated from said University in the year 1879 as Bachelor of Philosophy, and ever since that time have pursued the study of organic and inorganic chemistry there and at various other places within the United States and also in Europe.

I am thoroughly familiar by study and practice with the methods of analyzing food stuffs, and have had a wide experience in that work.

Upon the 16th day of August, of this year, John G. Rapp, Esq., the manager of JOHN RAPP & SON (a corporation), which I am informed and believe is the agent in this city and County of the SEATTLE BREWING AND MALTING COMPANY, the complainant in the above-entitled cause, furnished me with a sample and specimen

of the beer manufactured by said Seattle Brewing and Malting Company in the State of Washington and known as "Rainier Beer." I made a thorough examination and analysis of the sample and specimen so furnished me, with the result shown in the following tabulation:

Specific gravity, Temp. 15.50° Cent=60° Fahr.	1.014
Solid residue. (Malt Extract, etc.)	4.91 per cent.
Ash	.20
Carbonic Acid	.15
Total Acidity (other than Carbonic Acid)	.024
Volatile acids (other than Carbonic Acid)	.005
Alcohol (by volume)	3.62

I applied the usual and proper tests to discover whether or not any of the following antiseptics or preservatives were present in said beer, to wit: Salicylic acid, Benzoic acid, Boracic acid, and Hydrofluoric acid, Salicylates, Borates, Benzoates, Fluorides, Formalin or Formaldehyde. The foregoing comprise the usual antiseptics and preservatives used in beer. I FOUND NONE OF THE AFORESAID ACIDS OR CHEMICALS COMPOUND IN SAID RAINIER BEER.

After making the analysis and the tests herein above referred to, I analyzed and tested two additional samples of "RAINIER BEER," both of which samples were procured by me about a week ago from dealers in said beer doing business in the County of Alameda in this State. The dealers had no reason to suspect or think that I was obtaining the same for any analysis or examination; I am convinced that the samples so obtained were fair samples of said RAINIER BEER. Besides analyzing the samples thus obtained, I applied to said samples the same, or practically the same tests for preservatives and antiseptics that I have previously applied to the sample and specimen obtained from Mr. Rapp, as before stated.

The result of said last mentioned analysis and of the tests made for preservatives and antiseptics was substantially the same as that obtained by me when I analyzed and tested the sample which I had obtained from Mr. Rapp.

It is my judgment, based on said analysis and said tests, and confirmed by all I have heard and seen in regard to said beer, that the same is of good quality, is made from pure malt materials, is brewed in a proper manner, and is of a quality equal to any brewed on this Coast.

(Signed)

EDMOND O'NEAL,

Subscribed and sworn to before me, this 21st day of Aug. A. D. 1905

### MISS VAN VLIET BEATS CHAMPION

END OF THE LADIES TENNIS SINGLE SYESTERDAY GIVES VICTORY TO NEWCOMER.

Miss Ethel Horner who has been the champion of Hawaii's lady tennis players for some years, was defeated yesterday by Miss Van Vliet at the Beretania street courts. The match started on Thursday when Miss Van Vliet had two sets to her credit, 6-1, 6-4, but darkness stopped the game. Yesterday Miss Horner won two sets, 4-6, 2-6, but in the final Miss Van Vliet showed great strength, winning by 6-1. Great interest in the contest was shown by local society people every play being watched keenly. Upwards of fifty carriages were waiting at the courts. The entries for the Pacific Tennis Club's doubles close next Tuesday afternoon at 5 o'clock, the tournament beginning the following day.

#### FOOTBALL GAMES TODAY.

The football season will open in earnest this afternoon. The first junior match will be played between the Kamehameha and Oahu College on the Punahou field, kick-off at 3:30. Next Saturday the High School and St. Louis will meet on the baseball field.

### NELSON DECLINES GOLDFIELD OFFER

KANSAS CITY, October 19.—The offer made by "Kid" Eagan of a \$25,000 purse for a battle between Battling Nelson and Jimmy Gardner, to take place at Goldfield, Nevada, has been turned down by the battling one for the present, at least.

"In the first place," said Nelson, "I am tied up with theatrical contracts that will keep me busy until the latter part of March. Then, again, Gardner must tip the beam at 133 pounds. If he can make this weight I'll fight him. You can take it from me that my next match probably will be with Britt. Of course, Jimmy must make good the money he and Coffroth kept from me in that picture deal first."

#### SWIMMING RACE TODAY.

The swimming relay race between the Myrtles and the Iron Works team will take place this afternoon at the Bishop ship at 4:30 this afternoon. The personnel of the teams is as follows: Myrtles—T. Honan, captain; George Crozier, Will Lyle, W. Cooper, J. Lishman, G. Becker, W. Soper.

Iron Works—C. R. Roe, captain; G. Grubbe, E. Kopke, J. Kennedy, F. Lubeck, F. Sharp, T. Jordan.

#### COFFEE MARKET DULL.

Stock of Hawaiians in first hands today in 1643 bags. This market has been very dull since September first, the unusually heavy buying in August—fully two months' business was done—having put dealers generally in possession of supplies beyond their immediate requirements. The downward course of the New York market has also operated against a freer movement, the net decline there in Brazil being 1-2c. per lb. to this writing.

Of the deliveries noted above, some 900 bags represent coffees either sold to arrive or permanently withdrawn from market, so that old stocks have really been consumed to the extent of about 500 bags since August 30th. Referring to the following quotations we wish to say that the outside figures apply to old crop only: The market closes dull and heavy at: 12½c. to 13½c. for Fancy; 11½c. to 12½c. for Prime; 10½c. to 11c. for Good; 9c. to 10c. for Fair; 7c. to 8½c. for Inferior.

#### RICE PRICES ADVANCE.

The market on all grades has advanced about ½c. since last report while domestic Japans have shown an improvement during the past month of over 75c. per hundred lbs., with the present prospect of going still higher.

Heavy rains have retarded harvesting and frosts have done considerably damage and it now looks as though Japan rice would reach 4c. to 4½c. San Francisco in the next thirty days. Head Rice—the mills south are holding firm and a fancy grade cannot be laid down here under 5½c. to 6c.; medium grades in proportion. Screenings: prices are firm at 3½c. San Francisco. China No. 1—we quote 5c. and 6c. duty paid and China No. 2 at 4.50c. duty paid.

#### SAYS NO CLAIM.

Castle & Withington for defendant. In the case of Kaplani Estate, Ltd. vs. L. A. Thurston, have filed a motion for an order "that judgment be entered in favor of the defendant and against the plaintiff on the ground that it is shown by clear and uncontradicted evidence capable of only one construction and inference that there is an equitable estoppel whereby the plaintiff is barred from claiming the land in suit and maintaining this action as against the defendant."
